

Battery Powered IP Cameras with Solar Panel Assist

- High Definition Surveillance Cameras
- Perfect for short or long term surveillance applications
- On board Network Video Recorder

PSTR2024

The Netvision Mobile Surveillance Trailer provides an effective security solution for your remote monitoring needs. With a tamper resistant housing mounted on a compact trailer, Netvision's surveillance system is a rapid deployment security system. The PSTR2024 offers high definition surveillance with an easy to use design. This trailer is ideal for exporting due to its simple design, allowing it to be easily reassembled after shipping.

Complete Wireless IP Camera Solution with On board Network Video Recorder

Features

General

- Long distance monitoring via radio, WiFi, satellite, and/or cellular
- Wide-area coverage with 30-foot mast
- Pan Tilt Zoom Cameras offer 18x optical zoom
- Remotely view and control using your computer or smartphone
- 15 Day Run-time
- Advanced Analytics available for analyzing video feeds and setting alarms
- Provides network connectivity and power for other sensors
- Integrated network video recorder
- Easily transported with standard 2" ball hitch or pintle
- "On Demand" vented design for cool operation of electronics
- Extendable locking outriggers for stability
- Real-time alerts and monitoring via web, email and smartphones
- 95 Watt Solar Panel

Anti-theft Measures

- Removable trailer tongue
- Dual locking compartment doors
- Wheel clamp/boot immobilizes trailer
- Online GPS tracking for easy locating (optional)
- Offsite event recording
- Onboard Shock Sensor to detect tampering of the trailer

NVR Specifications

General

CPU	Intel Processor
Memory	2GB
Storage	500GB
OS	Windows XP Embedded
Compression	MJPEG/MPEG4/H.264
Live Resolution	CIF for 4 screen divisions
Recording Mode	Round the Clock / Motion Detection / Sensor Detection / Pre & Post Recording / Schedule Recording
USB 2.0	6 Ports
Remote Viewing	Web, Software Client, Smartphone applications

Communications

Standard

Cellular	CDMA EVDO, GSM/HSDPA
GPS	12 channel receiver
Wireless LAN	802.11b/g

Pan/Tilt/Zoom Camera by Panasonic

Features

- Multiple H.264 (High profile) streams & JPEG streams
- 18x optical zoom. 36x extra optical zoom at VGA resolution
- Wide Dynamic Range & ABS (Adaptive Black Stretch)
- Superior color reproduction by primary (RGB) color filter

Camera Control and Functionality

- Pan/Tilt Control
- VMD (Video Motion Detector)
- Image Upload and Email Notification
- Face detection function detects the position of human face

Camera Setting Adjustments

- Selectable light control modes
- Electronic sensitivity enhancement
- Privacy Zone can mask up to 2 private areas

Data Encoding and Transmission

- H.264 and MPEG-4 are selectable for system migration
- Multi Streaming
- Full frame (Up to 30 fps) transmission
- Two-Way Audio (Full Duplex)
- IPv4/IPv6 protocol supported
- ONVIF compliant model
- Still images (JPEG) can be viewed on mobile phones via Internet
