

TX 427 & TX 525 TRACKED DINGO

**MORE WORK IN
LESS TIME**

RUGGED AND DEPENDABLE.

The original tracked compact utility loaders, Toro Dingo TX 427 & 525 models deliver durability and reliability pros and Do-It-Yourselfers trust, combined with powerful performance and incredible versatility. For operators who are frequently switching tasks or moving things out of the way, these walk-behind models provide greater productivity due to the ability to walk up to the machine and go. In addition, with walk-behind Dingos, operators don't feel the bumps when going over rough terrain.

EXCLUSIVE TX CONTROLS

Three simple controls let operators get to work fast:

- 1 Curl, dump or float the bucket while raising or lowering the loader arms with one hand using the joystick.
- 2 Grab the one-handed traction drive from any angle for effortless control.
- 3 Activate the auxiliary circuit control lever to power the attachments instantly.

TX 427 & TX 525 FEATURES

LOW-IMPACT FOOTPRINT

Long-lasting, Kevlar® reinforced tracks disperse weight evenly for a light footprint on turf, while delivering better traction in sandy or wet ground conditions.

EASY-TO-USE PLATFORM

Quickly and easily bolted on to Toro Dingo TX 427 & 525 models, this ride-on platform helps minimize operator fatigue when the job requires a lot of hauling or covers substantial distances. The platform can be flipped up – out of the way – any time the operator wishes.

HIGH-PERFORMANCE HYDRAULICS

The 4-pump hydraulic system directs power right where you need it. Operate the loader, bucket, traction and auxiliary drives at the same time for increased operator efficiency.

DIESEL AND GAS ENGINES

Choose a gas model for easy maintenance and cold-weather starting. Or choose diesel for better performance in high altitudes and warmer climates, along with more horsepower for attachments.
